Laura Stack
 Founder and CEO,
 Johnny's Ambassadors

For 30 years, Laura Stack enjoyed a successful career in the business world as a keynote speaker and author of productivity books. After the tragic loss of her son, Laura founded Johnny's Ambassadors, to provide education, awareness, and prevention curriculum to parents, youth and community groups, at drug prevention conferences and schools, to help stop youth marijuana use. Dedicated to getting teens to #StopDabbing, Laura brings Johnny's personal warning and solid research together in her book and presentations.

The Dangerous Truth About Today's Marijuana: Johnny Stack's Life and Death Story

On November 20, 2019, Laura Stack suddenly acquired the undesired wisdom of knowing what it is like to lose one's child, when her 19-year-old son, Johnny, died by suicide. He became psychotic after dabbing high-potency marijuana concentrates. Laura founded Johnny's Ambassadors, with the mission to educate parents and teens about the dangers of today's high-THC marijuana on adolescent brain development, mental illness, and suicide. Join us as Laura bravely shares Johnny's story, along with important information to help parents and caregivers protect our teens.
